PROFESSIONAL SUMMARY

Senior Salesforce Developer with 8+ years of experience designing and delivering enterprise-scale solutions across banking, healthcare, e-commerce, media, and legal. Proven ability to ramp quickly across diverse business domains, translating complex requirements into scalable Apex, LWC, and Flow architectures. Track record of technical leadership — mentoring development teams, enforcing clean-code standards, and driving cross-functional delivery in Agile environments. Experienced in architecting complex integrations (REST/SOAP, OAuth 2.0) and leveraging AI-augmented development workflows to accelerate velocity and code quality.
